**HUNDREDS OF USES
 AND APPLICATIONS**

BUYING

- Learning new sources of supply.
- Keeping up with known sources of supply.
- Checking on the record of firms from which you buy as to dependability, stability, etc.

SELLING (*Including market analysis and sales promotion*)

- Locating new markets.
- Maintaining up-to-date mailing lists.
- Analyzing the buying power of a community or street.
- Routing salesmen to avoid lost motion in reaching prospects.
- Locating residents of hotels and apartment buildings, many of whom are listed nowhere else.
- Identifying names and titles of officials, for use of salesmen.

CREDIT REFERENCE (*and Collections*)

- Running down delinquent debtors.
- Checking credit applications as to address, moving habits, names of employers, stability of employment, family status, neighbors, whether owner or renter, etc.
- Identifying persons of same or similar names.
- Investigating cases in welfare, charitable, social service and legal work.

DELIVERY (*Communication, Mailing, Etc.*)

- Routing deliveries.
- Reducing dead letters and insuring more complete delivery of mail.
- Effecting delivery of messages and parcels erroneously or defectively addressed.
- Correcting names and titles.

LAW ENFORCEMENT (*Criminal Detection and Apprehension*)

- Tripping bad-check passers.
- Deciphering illegible signatures.
- Guarding against habitual bill dodgers.
- Tracing heirs and witnesses, selling estates, and establishing facts as of a certain date.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the directory.

Hill Directory Co., Inc., Publishers

INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1960 edition of the Plymouth City Directory, which also includes Liverman Heights, Sunset Park, The Pines and rural route residents.

This is the first Hill Directory of Plymouth and is completely standardized according to the policies and practices of the association of North American Directory Publishers.

Confidence in the growth of Plymouth's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Plymouth to the world.

The enviable position occupied by Hill's Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the results of their labors will meet with the approval of every user, and that the Plymouth Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Plymouth, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES OF residents and business and professional concerns is the second major department, printed on white paper. This is the only record in

795386

existence that aims to show the name, marital status, occupation and address of each adult resident of Plymouth, Liverman Heights, Sunset Park and The Pines, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Plymouth and vicinity.

There are more than 700 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the association of North American Directory Publishers, under whose supervision the system is operated, and of which Hill Directory Co., Inc. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Statistical Review

FORM OF GOVERNMENT—Municipal. Incorporated as a town in 1807.

POPULATION—Last official U. S. Census report 4,486; local estimate at present 6,700. White population of age: Males 1,281; females 1,341. Total colored population 1,872. Total number of males in city 3,103; females 3,255. American-born population is 99 percent of the whole. Predominating nationality of foreign-born residents is Polish.

AREA—2 square miles.

ALTITUDE—21 feet above sea level.

CLIMATE—Mean annual temperature 60.2 degrees F.; average annual rainfall 51.15 inches.

PARKS—1 (Pettigrew State).

ASSESSED VALUATION—\$5,278,627.00 with \$1.80 per \$100.00 tax rate.

BONDED DEBT—\$214,000.00.

FINANCIAL DATA—2 banks, with total deposits of \$124,815,902.84 (December 31, 1959), and total resources of \$139,856,445.10 (December 31, 1956). 1 building and loan association, with total assets of \$1,043,661.52 (December 31, 1959).

POSTAL RECEIPTS—\$45,243.84 for year ended 1959.

TELEPHONES IN SERVICE—1,672.

CHURCHES—18 representing 11 denominations.

INDUSTRY—Chief industries of the city and surrounding territory: Manufacturing, agriculture, lumbering and fishing. 7 manufacturing establishments, employing 1,433 men and 314 women, paying wages of \$6,400,000.00 annually, and having products valued at \$37,000,000.00 annually. Principal manufactured products: Paper and Wood products, and chemicals.

TRADE AREA—Retail area has radius of 360 square miles and population of 97,565. Wholesale area has radius of 900 miles, and population of 195,150.

NEWSPAPERS—1 weekly.

RADIO BROADCASTING STATIONS—W. P. N. C.

HOTELS—1, with total of 20 rooms.

MOTELS—1, with total of 24 rooms.

RAILROADS—City served by 2 railroads: Atlantic Coastline and Norfolk & Southern.

BUS LINES—City served by 1 intra-city bus line.

HIGHWAYS—U. S. 64 and State 32.

AIRLINES—Nearest 69 miles at Rocky Mount.

AUTOMOBILE REGISTRATIONS—3,441.

AMUSEMENTS—Largest auditorium in city seats 1,600 persons. 1 moving-picture theatre, with total seating capacity of 550 persons. 1 golf course. Fishing, hunting, boating, water skiing. Albermarle Beach 7 miles east of town.

HOSPITALS—1, with total of 22 beds.

EDUCATION—3 public schools. 1,794 pupils in public schools. 64 teachers in public schools. Value of public school property, \$1,038,644.00.

PUBLIC LIBRARIES—1, with total of 10,000 volumes.

CITY STATISTICS—Total street mileage 12, with 12 miles paved. 10 miles of sewers. 900 water meters; 1,500 light meters. Capacity of water works 310,000 gallons, with daily average pumpage of 200,000 gallons, 10 miles of mains, and plant valued at \$400,000.00. Fire department has 1 paid man, with 1 station and 4 pieces of motor equipment. Value of fire department real estate and equipment \$100,000.00. Police department has 5 men, with 1 station and 1 piece of motor equipment. Birth rate 490; death rate 170.

PLYMOUTH, NORTH CAROLINA "WHERE HOSPITALITY THRIVES"

The town of Plymouth, situated on the southern bank of the Roanoke River eight miles west of Albemarle Sound, is the County seat of Washington County; in the Coastal Plain area

North Carolina Pulp Plant at Plymouth, N. C. manufactures approximately 1,400 tons of paperboard daily for corrugated shipping containers and milk containers. Began in 1937 it now employs over 1,200 persons.

of northeastern North Carolina. It is located approximately 130 miles east of Raleigh, 95 miles Southwest of Norfolk, Va., and 500 miles south of New York City. Primarily an agricultural area, there are no other communities as large as Plymouth in Washington County. The town was founded in 1780 with the gift of a site by a former resident of Plymouth, Massachusetts and soon became a thriving shipping point.

The scene of many naval battles during the War-Between-the-States, by 1865 these battles had reduced the town to eleven battle scarred buildings. A marker on the courthouse lawn recalls the sinking of the famed Confederate destroyer, the iron-clad ram, Albemarle. In October 1864, Lt. William Cushing torpedoed and sank the "Ram", then swam to safety. This is only one of the many interesting stories recorded during the time, concerning the area.

Today, this section is mostly concerned with developing its natural resources and utilizing the varied agricultural products of its rich farm lands. The industrial expansion has been encouraged and welcomed by the citizens of the area and the warm hospitality and neighborliness of the vicinity have made the newcomers feel at home.

Plymouth and the adjacent areas are within overnight reach of more than 30 million people, representing a market of well over 70 billion dollars a year.

CLIMATE: Plymouth's relatively mild climate gives the area an unusually long growing season and its average annual rainfall has been 51.15 inches. The coastal plains are affected somewhat by the modifying influence of the ocean and conse-

Water transportation facilities are utilized by local industries and the river and sound play an important role in recreation activities.

quently reduces the variation in both seasonal and daily temperatures, average for January was 43.7 degrees and for July 77 degrees.

POPULATION: Since the founding of the town the growth of Plymouth has been moderate but steady. Statistics show a 29.4 percent decrease in rural population. The population of Plymouth itself has increased 82.3 percent from 1940 to 1950, the same 10 year period. Showing a definite trend toward urbanization. With a population of 4,486 in 1950 a conservative estimate of today's (1960) population would exceed 6,500 inhabitants.

NATURAL RESOURCES: This region, generally flat, is characterized by sandy and sandy loam soil with some fertile, black land. It has been built up by unconsolidated and semi-consolidated sands, gravels, loams, clays and marls of a relatively recent geologic age.

The church shown here, one example of the serene, and inspiring christian attitudes prevailing in this community. This church was once used as a stable for Federal mounts.

Industrialists have investigated possibilities of recovering ilmenite from the black sands in Albemarle Sound for use in paints and pigments.

The total land area of Washington County is 215,040 acres (336 sq. mi.). Approximately 50 percent of this area is wooded, which amounts to 152,500 acres of forest. Dominant species in this area are second-growth long leaf and loblolly pine. Commercially the chief tree is the loblolly pine. This species replaces the once magnificent forest of long leaf pine that formerly covered the sandy soil of this locality. Among the soft woods there is the Savanna or pocosin pine that is found usually, in the swamps, hardwoods found in this area include the oak, hickory, ash, sweetgum and black gum. The deeper swamplands yield such trees as the gum, cypress, and white cedar, the latter known locally as juniper. These forest resources play a tremendously important role in this county's economy.

TOWN GOVERNMENT: The Town of Plymouth, incorporated in 1807, has a municipal form of government under the jurisdiction of a mayor and six councilmen, elected for two-year simultaneous terms. Both town and county have a planning commission. Any zoning problems in the town of Plymouth are brought before the town council. There is no zoning ordinance for the county. The taxes for Plymouth vary slightly from year to year, depending on the approved annual budget. The tax rate for the town (1959) is \$1.80 per hundred, based on 50 percent of real estate and 10 percent for personal property. Plymouth has a bonded debt of \$214,000.

The modern Plymouth High School is fully accredited and offers a varied and complete curricula and an outstanding athletic program.

MUNICIPAL SERVICES: Operating from the municipal building, located in the business district the Plymouth Police Department has a regular staff of a chief, two night officers and two day officers. In addition, the county sheriff, his deputy and a state policeman are stationed here. Police equipment includes a two-way radio, radio equipped automobiles and network communication with state police facilities. Fire hydrants are located throughout the corporate limits of the town. Three fire trucks are centrally located in the Fire Station next to the municipal building. In addition, the Fire Department has an ambulance to use in emergencies and in rescue operations. A 26 man volunteer fire department holds regularly scheduled drill meetings and municipal employees are available twenty-four hours a day for driving duties should the need arise.

The Street Department, Water and Sewer Departments, and the collection of garbage and refuse is very efficiently carried out under the direction of the Chief of Police with the help of a selected crew.

Electricity is supplied in the area by the Virginia Electric and Power Co. which has a district and division headquarters in Williamston, N. C. and general offices in Richmond Va. The company has a capacity of over one and one-third million kilowatts. Electricity is available at 60 cycles alternating current, single and three-phase service, and can be supplied at 120-208, 120-240, 480, 2300 volts, or at higher voltages, depending on the customer's requirements and specific locations. Rates for service are comparable with rates in effect else-

The Plymouth Country Club has a nine-hole golf course, swimming pool, and club house for members and guests. It offers much social and recreational activity. Accommodations are available year round.

where and compete advantageously with other sources of power.

Modern telephone facilities are furnished the town of Plymouth by the Carolina Telephone and Telegraph Company. The system used is the dial system, and this company has seventy-two toll circuits which are maintained twenty-four hours daily and seven days a week.

WATER & SEWAGE: Plymouth has a municipally-owned water system, supplied from two deep wells, with an average capacity of 310,000 gallons per minute. For storage, the town has a new upright tower and pump with daily average pumpage of 200,000 gallons. Other data desired can be furnished by the town upon request.

COMMUNITY FACILITIES: The modern school which the children of Plymouth and Washington County attend are fully accredited and offer elementary and high school curricula. Classes in special courses, such as music, home economics, vocational agriculture and commercial subjects are available to both white and colored students. The new high school on main street in Plymouth also has several television classes and a gymnasium with a seating capacity of 1,600 persons.

The Washington County Public Library, located in Plymouth provides ample facilities and service for the surrounding area; providing a bookmobile with scheduled trips to cover the entire county. There is also a Negro Branch Library in town and a Creswell Branch in Creswell. The local library is

Many leading business men and active community citizens are volunteer fire fighters. A total of 26 men make up Plymouth's Fire Department, which is constantly alert to fight fires and carry out rescue missions along with rendering assistance to surrounding communities when the need arises.

open five and a half days a week, remaining open until 9 p. m. two nights each week.

The youth of the County have virtually unlimited opportunities for higher education in the colleges within the state. Excellent graduate and under-graduate instruction in engineering, nursing, journalism, education, law, music, business administration, dramatics, psychology, medicine, and many other fields is available at the colleges and universities of North Carolina most within a half days drive from this community.

Spiritual fellowship and guidance are found by the residents, locally in churches representing nearly all major denominations. Plymouth has nine White Churches and six churches for non-Whites, all of which have active, cooperative

The bullet holes shown here, from Federal guns, bring back memories of the Colonial and Civil War eras. Other local buildings still bear the marks of historic events.

congregations. The historic Grace Episcopal Church, a brick Gothic Revival structure, is located in Plymouth and has a very interesting history. Years ago twelve trees were planted in the churchyard and named for the Apostles. One day, in the height of a severe storm, lightning killed the tree named Juda without damaging any of the others. During the War Between The States, this same church gave up its very pews and gallery to make coffins for the many who had fallen in battle.

There are over 20 active clubs and organizations in Plymouth including the P T A, Rotary Club, Lions, Junior and Senior Chambers of Commerce, Masonic Lodge, Eastern Star and Veterans of Foreign Wars. The Plymouth Country Club, one of the best in northeastern North Carolina, has a nine-hole golf course, swimming pool, club houses for members and guests and is the center of much social and recreational activity locally.

An Annual Water Festival is held on the Roanoke each year, usually in June. This event is sponsored by the Plymouth Junior Chamber of Commerce with the assistance of other civic groups. Among the features are stunt water skiing, floats and boat races. Another annual event in Plymouth is the completely religious Christmas Pageant held in early December. The pageant is held out doors and carries the theme of putting Christ Back Into Christmas.

The new 34 room Washington County Hospital, plus a roomy bassinet ward, is located in the town of Plymouth. The White practitioners include five medical doctors, resident surgeon, one dentist, an optician and a chiropractor. Plymouth is fortunate to have a medical clinic in the heart of town which is very well and efficiently staffed with resident physicians and nurses. The Clinic is equipped for major and minor surgery. Physicians are constantly in contact with the clinic through two way radio.

Year around accommodations are furnished by the Plymouth Country Club, the Plymouth Hotel and Horner's Motel. Other rooms are available in private homes throughout the vicinity.

The Roanoke Beacon, published weekly in Plymouth, carries local and world news and events. Out of town daily papers are also distributed county-wide. Including New York, Maryland, Pennsylvania and Eastern Virginia publications. Radio Station WPNC began operations in 1959 and serves northeastern North Carolina with high Fidelity A.M Radio operating 1000 watts at 1470 kilocycles. It is very well and modernly equipped and operated by a most efficient and capable staff. It has already proved to be a tremendous asset not only to Plymouth but to the surrounding areas as well.

In and near Plymouth are enough forms of recreation to suit the desires of everyone. There is a privately-owned swimming pool for White Children in the eastern part of town, open at no cost; the many facilities of the Country Club and the beaches on the Albemarle Sound offer bathing, boating, water-skiing, and fishing. There is a motion picture theater and a lighted baseball park, home of the local semi-pro team. Dancing and Dinners are periodically sponsored by local civic groups.

Fishing and hunting are also very popular locally. Phelps Lake, stocked with bass, and Pettigrew State Park, are a short thirty minute drive to the southeast from Plymouth. There are boats for rent at both Phelps and Pungo Lakes, and the bass fishing is unusually good. Quail, geese, duck, and small game, especially squirrels, are plentiful in this area. Bear and deer hunting is extremely good. The many famous Atlantic beaches on the Southeastern seaboard are also within short driving distances of this section.

Somerset House, located on the site of Pettigrew State Park, on the northern shore of Phelps Lake, is another tourist attraction and one of the chief points of interest in Washington County. Once the center of a 25,000 acre plantation, one of the largest in the state, the home is one of the few plantation mansions remaining in good condition. Nearby are slave quarters and a curious four-story barn on the edge of a canal which leads from the lake to Scuppernong River. Also nearby stands old Pettigrew Mansion, built in 1830.

INDUSTRY: In recent years, industrial growth has increased to such an extent in and around Plymouth that manufacturing has surpassed even agriculture in employment. Lumber for wood pulp and other wood products is the predominate type of industry in the county, with the resulting largest employment in the huge N. C. Pulp Plant, which produces approximately 1400 tons of paperboard daily for corrugated shipping containers and milk containers. The Georgia Pacific Company finds a ready market for its fine plywoods in the ever growing furniture industries of the Carolinas and Virginia. The True Temper Corporation utilizes the forestry products of the area in the manufacture of handles for tools and equipment. American Cyanamid's plant, producing liquid alum, markets its products locally. The D. J. Brinkley Lumber Company and several smaller firms supply the lumber needs for construction throughout a wide area. The Smith Brothers Chemical Company, manufacturers of cleaning fluids and allied chemical products for the dry cleaning industry, markets its products nationally. The Farmers Cotton and Peanut Mill processes locally grown peanuts for national markets. The Richard West Milling Company is engaged in processing livestock and poultry feeds. In addition, the East Carolina Supply Company (Hardware and associated items) and the Seaboard Gas and Oxygen Company fulfill a definite need for this area.

The people of Plymouth are anxious to expand the county's industrial base and to diversify its economy. Existing industry would also welcome non-competitive industrial growth and the county can assure an adequate labor supply for additional industries. It is believed that the farmer group that has entered the labor market to supplement its present income, would be enlarged considerably if additional industrial opportunities should arise. Some of this areas chief assets are, in respect to industrial development (1) an abundance of available labor; (2) relatively untapped water resources, both ground and surface; (3) excellent transportation facilities; (4) a high level of recreational and educational facilities; (5) a year round outdoor climate that permits low-cost construction; (6) access to an abundance of raw materials; and (7) an atmosphere of hospitable congeniality. Furthermore, the

county's make-up fits admirably to meet the recent trend toward decentralization of the nations defense and civilian industry—frequently termed “accessible isolation”. At present there are 17 industrial sites available comprising approximately 1,177 acres of land.

AGRICULTURE: Washington County possesses three main advantages agriculturally; Climate, soil, and a proximity to national markets. The Farmers Cotton & Peanut Company, 2 Farmer Exchanges, a produce market and 2 livestock markets and a meat packing plant, all depend on nearby agricultural crops. Commercial fishing is still pursued to some extent on the Roanoke. The mild climate here adds to an unusually long growing season for crops such as peanuts, tobacco, soybeans, potatoes, cotton, corn, truck crops, grain crops and some commercial grape culture. Local drying and storage facilities are at the farmer's disposal. According to the 1950 Census, the rural farm population was 37.1 percent of the total county population. The 866 farms in 1950 had an estimated cash income of \$1,454,936. from all farm products sold, and \$1,135,109 from all crops sold. The farms found in this area are largely field crop farms and make up about 33.7 percent of the total land area. Averaging approximately 83.6 acres per farm, the average farm has an estimated value of \$5,803. There is also some livestock and dairy farming done in this area, and important livestock and farming demonstrations and research are conducted at the Federal State Tidewater Research station, five miles from Plymouth.

Within the past 5 years more than 150,000 acres of former swamp lands have been drained and developed, the area located primarily in Washington County.

Prior to the war years this land was priced extremely low. A group of developers bought this land and they have since sold large sections for more than a 100 percent increase over the original price. One of the most successful of these developers (a local resident) purchased several thousand acres which have been drained and developed. Now hundreds of head of Hereford and Black Angus Cattle graze on lush pastures, once only swampland. Such people as Arnold Chase of Chase Manhattan Bank, Peter Grace of Grace Shipping Lines, Marine Development Corporation of Rhode Island and Metropolitan Life Insurance Company have invested in this reclaimed area along with many local residents. There has been a migration of midwestern farmers to the area. A solid community of citizens of Dutch extraction has already been established and more are anticipated. Plymouth and Washington County citizens are welcoming both new residents and new industry, the agricultural boom in the development areas will play a large part in bringing more business and industrial expansion. Arrangements can be made locally in regard to adequate housing facilities incident to industrial growth.

TRANSPORTATION: East and West traffic through Washington County is served by U. S. Highway No. 64. The movement of through traffic on this highway is facilitated by a new by-pass bisecting the southern perimeter of Plymouth and another by-pass at Roper. State Highways Nos. 32 and 99 serve north-south traffic. Highway No. 32 has junctions with U. S. Highway No. 17, some 30 miles to the north of Plymouth and with U. S. Highway No. 264 about the same distance to

the south. This fine network of roads enables direct highway travel to the entire East Coast. By contacting the Plymouth Chamber of Commerce arrangements can be readily made for travel anywhere by car, bus, rail, plane, or boat.

The Roanoke running back of the Plymouth business district has available docking space and a channel averaging 30 feet in depth, providing the town with excellent possibilities for increased water borne traffic, and is within easy reach of the Intracoastal Waterway from Albemarle Sound. Local citizens and organizations are already attempting to further develop this part of town to the height of its potential.

COMMERCIAL ESTABLISHMENTS: Local retail establishments include 1 chain department store, 1 major chain super market, 2 chain variety stores, 2 drug stores, a dairy bar, several locally owned ready to wear shops, farm supply and equipment agencies, service stations, grocery, hardware, appliance and jewelry stores, boats, and sports equipment can be bought in two of the above. Included in the ready to wear are two high fashion ladies shops. Plymouth also has three new car dealers, garages, and four furniture stores. Service trades include barber shops, beauty parlors, restaurants, florists and cleaning establishments and a soft drink bottling plant.

Six lawyers have offices here along with several insurance agencies and a CPA. Five real estate developers also are located here.

Wholesale firms distribute hardware and associated items, building supplies, and petroleum products.

As local businesses remodel and expand, together with new businesses on their way, Plymouth is rapidly becoming a most inviting shopping center.

THE CHAMBER OF COMMERCE: The Plymouth Chamber of Commerce opened a full time office in 1959, it's membership is made up of business, professional men and farmers in this section, it is set up to include divisions for industrial, agricultural, civic and retail departments, which are headed by a committee of able men.

The influence of this organization is already being felt in the area and will continue to be behind every progressive movement and to use its agencies for the best interests of the entire community. The management of the Chamber is in the hands of a Board of Directors who employ a full-time executive secretary. The office is located in the very heart of the business section on Water St. and has the support of all other related organizations for a bigger and better community. Under the direction of the Chamber, Town Council and with the support of every citizen of the community, all are constantly making improvements to make Plymouth a most inviting and attractive place for people to live, work and play. The pace of the locality seems most suitable to all ages.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on
a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems
that pop up unexpectedly to annoy and
baffle you.
- you can quickly find the answer
in the **City Directory**.

Fair Practice Code

for ADVERTISING and SELLING

recommended by the **ASSOCIATION OF
BETTER BUSINESS BUREAUS, INC.**

I. Serve the public with honest values.

II. Tell the truth about what is offered.

III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.

IV. Tell customers what they want to know - what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.

V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.

VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.

VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.

VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.

IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.

X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

Know Your Endorser

● The United States Secret Service has launched a "KNOW YOUR ENDORSER" Campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for froged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

1. **DEMAND PROPER IDENTIFICATION.** Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in your presence. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. **BE SURE** some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. **PRINT** your name clearly on your mail box. **EQUIP** your mail box with a lock if you have not done so.
3. **CASH** your checks in the same place each month. This will make identification easier.
4. **DO NOT ENDORSE** your check until you are in the presence of the person you will ask to cash it.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight - Out of Mind
★ Out of Business ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.
INSIST ON BEING WELL REPRESENTED IN ITS PAGES.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is
circulation consulted.

TO BE EXACT by actual survey in twenty-
four average American cities by actual count
each City Directory averaged three and one-
half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the
sixty Sundays and Holidays when no tests
were made.

FOR EVERY THOUSAND DIRECTORIES sold
there will be an average of three and one-
half consultations for each book for THREE
HUNDRED and FIVE days, therefore $1000 \times$
 $3\frac{1}{2} \times 305 = 1,067,500$.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) sismn Starr Clothing Co.

Names in heavy type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address, other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

Insist On Being Well Represented In Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist On Being Well Represented In Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

Insist On Being Well Represented In Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten, if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight
Insist On Being Well Represented In Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

Insist On Being Well Represented In Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

E A PERSON OR FIRM

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

CONSULTATIONS OR CIRCULATION
CONSULTED

VITAL INFORMATION AT YOUR FINGER-TIPS

★ Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communications, etc. Also, Directory usage is up among regular subscribers.

More People Are

SEEING CITY DIRECTORY ADS

**WHY A
YELLOW
PAGE
SECTION?**

*It is customary to include a Yellow Page Section in the City Directory because:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★

The Yellow Page Section is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED.

The Planters National Bank & Trust Co.

HILL'S PLYMOUTH

Directory of Householders, Occupants of Office
Buildings and Other Business Places, Includ-
ing a Complete Street and Avenue Guide

1960

Including Liverman Heights, Sunset Park and
The Pines

Copyright, 1960, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation others refer to Alphabetical List of Names.

The symbol @ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

Insist On Being Well Represented In Its Pages

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight - Out of Mind
★ Out of Business ★

The importance of keeping firm and product names
In the public eye is recognized by all business men.
It is astonishing to see how a firm or product, how-
ever meritorious, will slip into the limbo of the for-
gotten if not persistently advertised.

The City Directory is the natural medium for keep-
ing a business or product name in the spotlight.
INSIST ON BEING WELL REPRESENTED IN ITS PAGES.

HILL'S PLYMOUTH

NUMERICAL TELEPHONE DIRECTORY

Including Liverman Heights, Sunset Park and The Pines

1960

Copyright, 1960, by Hill Directory Co., Inc.

Due to the necessity of frequently changing telephone numbers assigned to users, we suggest that you verify this information by referring to your local telephone book to see if any changes have been made since this Directory was compiled.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

CONSULTATIONS OR CIRCULATION
CONSULTED

Out of Sight - Out of Mind

★ Out of Business ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.
INSIST ON BEING WELL REPRESENTED IN ITS PAGES.

VITAL INFORMATION AT YOUR FINGER-TIPS

★ Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communications, etc. Also, Directory usage is up among regular subscribers.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A "Yellow Section" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city, plus miscellaneous other information.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.
